Objective Fisheries Science for SAUs & ICAR-AIEEA PG Entrance, JRF, SRF, ARS, ICAR-NET Ph.D, Civil Services and other Competitive Examination

Roy, Koushik, M S Chari & Sandhya Rani Gaur

ISBN: 9789351249160 | Pages: 284 | Year: 2022

Fisheries sector has made significant contributions to the Indian economy by augmenting production of animal protein, employment and income generation besides huge foreign exchange earnings. Fisheries research and development requires qualified and trained manpower, hence all state agricultural universities, veterinary universities, and central and deemed universities are giving more focus towards Fisheries education now-a-days. However, this in turn requires clearing a number of competitive exams at graduate and post-graduate level. Hence the authors constituted this question bank with multiple choice questions which will be relevant for all the students appearing in JRF, SRF, NET, Civil services exams and other related examinations. This book "Objective Fisheries Science" will provide ready reference to multiple choice questions in almost all branches of Fishery Science, thus benefitting the students, teachers and researchers all over India.

Dear **AUTHORS**,

We are writing to you with the purpose of our association. Astral International P Ltd is a New Delhi based publishing house specializing in the subject areas of Natural and Life Sciences.

You might have written a book or are planning to write one, we invite you to submit the same for publication. The team at Astral is a house of professionals with over three-decade experience in the field of publishing.

Having published more than 2000 books, we have the honor of working with some of the best scientists in India and abroad. Astral will publish your manuscript on time with best quality standards.
